0 Всемирном движении «Карта мира»

Всемирное движение «Карта мира» – творческий фестивальный маршрут по странам планеты. Это самое масштабное мероприятие, направленное на укрепление межнационального мира и согласия в обществе. «Карта мира» – увлекательное путешествие по просторам Земли, знакомство с ее дарами, традициями и обычаями многочисленных народов. Это пространство творчества, здорового образа жизни и бережного отношения к природным ресурсам планеты при активном участии детей.

На Земле около 8 миллиардов человек более чем 2000 национальностей. Мы отличаемся цветом кожи, языками и культурой общения, традициями. Но независимо от своего происхождения мы все хотим жить в благополучном мире, где нет войн, расовой дискриминации, где дети не знают голода и живут без страхов. Создать такое будущее для детей и передать умение дружить другим поколениям – это обязанность всего мирового сообщества.

Мы выбрали творчество языком межнационального общения. Без словарей и специальных знаний искусством можно выразить многое и поддержать друг друга.

Давайте вместе создадим атмосферу большого общего праздника дружбы без границ, сделаем этот мир чище, безопасней, добрей и украсим его детскими улыбками!

Присоединяйтесь к Всемирному движению «Карта мира»!

About the “World Map” Global movement

The “World Map” Global movement is a creative festival route through the countries of the world. This is the largest event aimed at strengthening interethnic peace and harmony in society. “World Map” is a fascinating journey through the expanses of the Earth, getting acquainted with its gifts, traditions and customs of numerous peoples. This is a space for creativity, a healthy lifestyle and respect for the natural resources of the planet with the active participation of children.

There are about 8 billion people of more than 2000 nationalities on Earth. We differ in skin color, languages and culture of communication, traditions. But regardless of our origin, we all want to live in a prosperous world where there are no wars, racial discrimination, where children do not know hunger and live without fear. Creating such a future for children and passing on the ability to be friends to other generations is the responsibility of the entire world community.

We have chosen creativity as the language of international communication. Without dictionaries and special knowledge, art can express many things and support each other.

Let’s create together the atmosphere of a big common holiday of friendship without borders, make this world cleaner, safer, kinder and decorate it with children’s smiles!

ПИСЬМО

Мы, дети мира, считаем, что война должна стать запрещенным видом деятельности. Очень верим, что настанет день, когда оружие перестанет быть для всех угрозой, конфликты на Земле прекратятся, страны придут к мирному согласию и мы больше не будем страдать.

Через Всемирное движение «Карта мира» мы обращаемся ко всем с призывом – хватит войн, хватит смертей, дайте нам расти счастливыми и свободными, дайте природе оставаться прекрасной и удивительной.

Каждая страна богата своей историей и культурой. Ничто на Земле не заменит нам желание сохранить наследие наших предков, иметь счастливое детство, свободу общения с друзьями из любой точки нашей планеты.

Приглашаем Вас к участию во Всемирном движении «Карта мира» ради нашего общего светлого будущего во имя добра и любви, чтобы всегда было мирное небо над нами, чтобы все люди свободно общались друг с другом, жили в мире и согласии.

Пусть Земля и дальше остается колыбелью Жизни...

THE LETTER

We, the children of the world, believe that war should become a prohibited activity. We very much believe that the day will come when weapons will cease to be a threat to everyone, conflicts on Earth will end, countries will come to peace and we will no longer suffer.

Through the “World Map” Global movement, we appeal to everyone - enough wars, enough deaths, let us grow happy and free, let nature remain beautiful and amazing.

Each country is rich in its own history and culture. Nothing on Earth will replace us the desire to preserve the heritage of our ancestors, to have a happy childhood, the freedom to communicate with friends from anywhere on our planet.

We invite you to participate in the “World Map” Global movement for the sake of our common bright future in the name of good and love, so that there is always a peaceful sky above us, so that all people freely communicate with each other, live in peace and harmony.

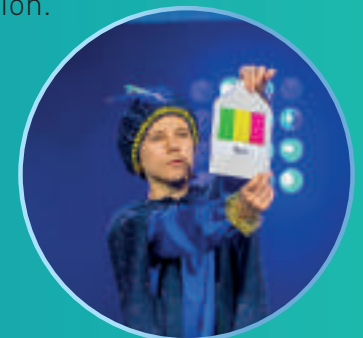

May the Earth continue to be the cradle of Life.

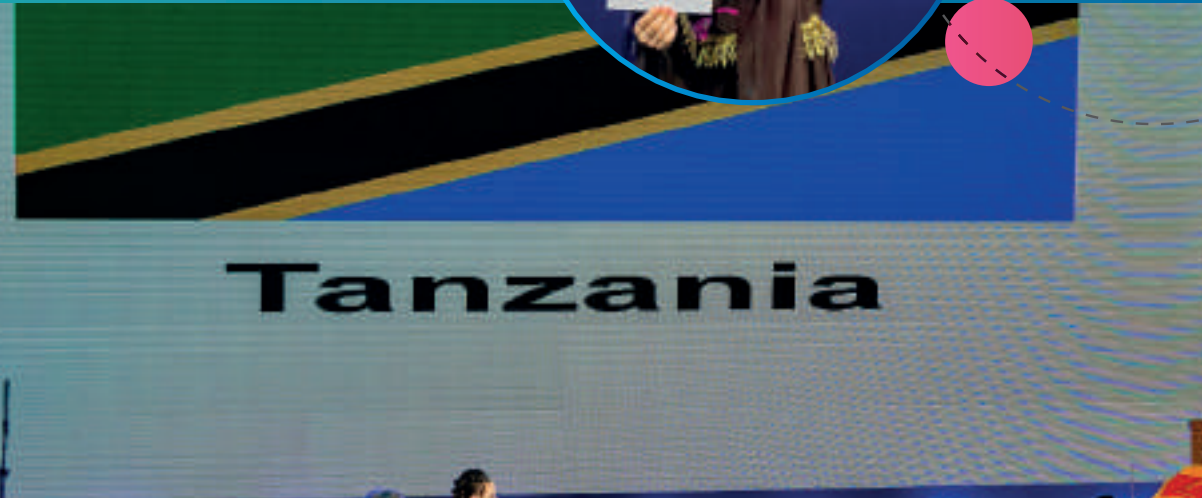

We are for a world without borders!
